SUMMARY

Software Engineer with experience and extensive education in software design and web development. Fluent in English and Spanish with excellent communication and interpersonal skills. Strong work ethic in a team or individual setting to drive product success and process efficiency. Well-versed in troubleshooting and problem solving skills. Looking to apply my skill set as a Software Engineer to solve interesting challenges and provide solutions that have a meaningful impact.

SKILLS

JavaScript (ES6), HTML, CSS, Python 3, SQL, SQL Alchemy, PostgreSQL, Node.JS, Express.JS, Redux, API, Algorithms, Data Structures, Flask, React

PROJECTS

Technology for Help Centers · Jan. 2021 to Feb. 2021

- Designed a web application using HTML, CSS, Python 3, Flask, and Javascript to address a common issue that help centers face today.
- Ability to register refugees into a database using SQL alchemy and PostgreSQL which updates a help center's capacity.
- Using the Twilio SMS API to send text notifications to a refugee's cell phone notifying them that a help center's capacity is full.
- Edit refugee information and capture that into the database.

Twitter Clone · Nov. 2020 to Dec. 2020

- Simple twitter clone application created using HTML, CSS, Python 3, Flask, SQL, SQL Alchemy, PostgreSQL to mimic a basic design and functionality of the official twitter web application.
- Ability to send, like, favorite tweets.
- Increase your following and/or use the follow feature to see what other users are tweeting about!
- Personalize your user by adding an image to the profile so others can identify you.

EXPERIENCE

Springboard · Software Engineering Fellow · Apr. 2020 to Current

- An 800-hour course covers key aspects of front-end web development, back-end web development, databases, and data structures and algorithms. Modules include learning resources, practice exercises, projects, and career-related coursework.
- Web Development, JavaScript, DOM Manipulation, Object Oriented Programming, Git/Terminal/Github, Modern JavaScript and Testing, AJAX, jQuery, ReactJS, Redux, SQL, PostgreSQL, Flask, Node, Express, Data Structures and Algorithms.

Raymour & Flanigan Furniture | Mattresses · Operations Supervisor · Oct. 2013 to Current

- Supervising a staff of 17 associates and increased team productivity by 30% with implementation with new best practices and training.
- Processing 100's of customer orders on a daily basis, consistently exceeding the average by 20%.
- Increased productivity met a 98% customer delivery satisfaction.
- Maintaining daily operation of several assigned shifts that ultimately meets the customer's expectation.
